Your **trusted** foodservice partner

Our family has been in Kilmacthomas, Co Waterford for over 235 years, milling locally-grown oats and creating wholesome, natural foods.

Authenticity

Oats have grown here for as long as anyone remembers, with the land and weather in the 'sunny south-east' perfect for growing the highest quality oats - to this day our oats are sourced from within a 60 mile radius of the mill. It's our commitment to local sourcing combined with our traditional milling techniques, handed down through seven generations, that helps give Flahavan's porridge its distinctive creamy taste and texture.

Provenance

Our story is simple - it's about family and place and about one single cereal - oats. Timeless, natural, wholesome and nourishing and most of all, a food we're sure your customers will enjoy,

Sustainability
